LED NECK LIGHTS

The innovative and sporty design of the CT7100, CT9040 and CT7105 leaves you hands-free to work anywhere without irritation or stress to your forehead. Made of a durable and trustworthy ABS and nylon blend, these lights rest comfortably on your neck without leaving sweat marks and are easily cleaned. These lights offer the ability to adjust the brightness level. Independently articulate the light heads up to 90° to create a wider beam. Their IPX4 rating means you can be sure your light stays on even if you are working in the rain or snow.

Indispensable for working on projects, camping, when the power goes out, and more. You will never run out of applications this light is perfect for.

CTNECK POP NECK LIGHT DISPLAY

This interactive counter display allows a user to try on the neck light and has visual applications images for uses of the neck light. Designed to have a six piece tray fit directly behind the front of the display.

CTCOUNTERDISPLAY COUNTERTOP SWIVEL MERCHANDISER

Great for impulse area countertops, this steel swivel-base merchandiser includes 8 product hooks. Ready to use right out of the box.

CTPW1 SIDE KICK MERCHANDISER

Our Side Kick Merchandiser is perfect for CAT® Lights promotions. This cardboard display comes ready to use, with lights already in place right out of the box. Simply hang in the desired position using the 12 included hanger clips, and they're ready to sell. Optional free-standing base available upon request.

CATMTL-B RETAIL MERCHANDISER

This heavy-duty, free-standing retail merchandiser is constructed of powder coated steel for years of reliable use in any retail environment. This fixture includes 12 product hooks and assembles in minutes.
